INDIVIDUAL CONSIDERATION ITEMS

1. CONSIDERATION AND/OR ANY APPROPRIATE ACTION MEETING MINUTES FOR FEBRUARY 16, 2017.

MOTION: Commissioner Lozano moved to approve the minutes as presented. Commissioner Jeang seconded with Commissioners Wright, Lozano, Jeang, Leamy, and Sutaria voting for the motion. Motion carried 5-0.

2. PUBLIC HEARING FOR A SPECIAL USE PERMIT FOR AN ACCESSORY BUILDING AT 1708 DUBLIN ROAD FOR MARY TEMPLETON.

Chairperson Wright opened the public hearing at 7:02:19 p.m. to receive comments regarding a Special Use Permit (SUP) for an accessory building at 1708 Dublin Road for Mary Templeton. No one came forward. Chairperson Wright declared the public hearing closed at 7:02:40 p.m.

3. CONSIDERATION AND/OR ANY APPROPRIATE ACTION ON A SPECIAL USE PERMIT FOR AN ACCESSORY BUILDING AT 1708 DUBLIN ROAD FOR MARY TEMPLETON. **(EXHIBIT A – MARY TEMPLETON SUP -1708 DUBLIN ROAD)**

Chairperson Wright asked City Administrator Flanigan if he received any feedback P&Z Commission needed to be aware of regarding the SUP. Mr. Flanigan said he had not received any comments or feedback opposing this project. The City's regulations generally say the maximum size for an accessory building is 2500 square foot. Those regulations were based on when the ordinance was approved. Most Parker residents were living on two (2) acre lots or smaller. There was an avenue in the ordinance, which allowed residents the ability to request a larger barn or out building. Generally, SUPs were zonings, tied to a particular tract of land and that SUP or zoning would stay with the property. The City has approved approximately six (6) SUPs in the past. The other option would be that Ms. Templeton could possibly have seven (7) 2500 square foot buildings on her property. It made sense to go through this SUP process and allow the resident to build what he or she really needed.

Commissioner Leamy asked if the house was under construction.

SUP Applicant Mary Templeton said no, she was waiting on SUP approval. The house and the barn or out building would be built concurrently. If the SUP was not approved, there would need to be design changes to the house.

Commissioner Leamy asked if Ms. Templeton would have to renew the SUP each year, if approved. City Administrator Flanigan said no, it was a one (1) time zoning case. Mr. Flanigan explained the once a year renewal requirement was in connection with an "accessory dwelling" and this SUP was only for a barn.

Alternate Three Commissioner Douglas said he saw no issue with the SUP approval. The Commissioners agreed.

Chairperson Wright asked for a motion. Vice Chair Lozano said, he had one (1) additional question. Mr. Lozano asked if there was a fire hydrant on the property. Ms. Templeton said yes, there was a fire hydrant approximately 300 feet from the barn.

MOTION: Commissioner Leamy moved to recommend approval of a Special Use Permit (SUP) for an accessory building at 1708 Dublin Road for Mary Templeton. Commissioner

Sutaria seconded with Commissioners Wright, Lozano, Jeang, Leamy, and Sutaria voting for the motion. Motion carried 5-0.

Re: Special Use Permit Request for 1708 Dublin Road

Dear Committee:

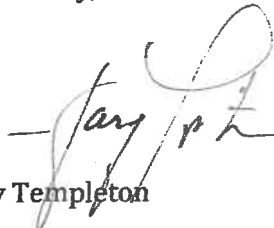

We recently acquired Geetha Ram and Bill Fortune's 5.6 acre property (f.k.a. Hill property) located at 1708 Dublin Road to build a home for my daughter and her husband, Stephanie and Matt Boggs. We are in the process of finalizing their house plans.

We are requesting a Special Use Permit (SUP) to build an auxiliary building in excess of 2,500 sq. ft. per Parker Building Code of Ordinance section 156.37(N)(5)(e). We have designed an auxiliary building that is 6,808 sq. ft. to accommodate under roof and enclosed: (a) the farm and yard equipment needed to maintain 19 acres (Hill 5.6 acre & Frizzell 13.4 acre properties), (b) a personal recording studio for the home owner, Matt Boggs, who is a song writer and professional musician, (c) storage for Matt's Transit, trailer and equipment he uses to travel for live performances and (d) a potting shed for gardening.

The building meets appropriate side and back setbacks and is architecturally consistent with the main home. The sound studio is designed by Russ Berger Design Group, a well-known sound architect. The studio will be so well insulated that the sound from mowers, cars or other environmental noise outside the studio will not be heard inside because it would ruin the recording. Conversely, sound from their recording studio will not be heard outside the studio let alone by any neighbors. Russ assures me that if a mower was right outside the studio wall it would not be heard inside.

If you have any questions or concerns please let me know.

Respectfully,

Mary Templeton
